

EUGENE L.
ANTENUCCI DDS

Welcome Message

Welcome to my dental practice at the Faculty Practice Clinic at the Health Sciences Center, LSU School of Dentistry.

Here, advanced clinical expertise meets the warmth and personal attention of a private practice. As a patient, you benefit from the skill, precision, and experience that I have provided patients for over 40 years.

My mission is simple: to provide exceptional, evidence-based care using the latest digital technology, delivered with integrity, compassion, and a commitment to excellence.

I look forward to caring for you.

— Eugene L. Antenucci DDS, FAGD, DICOI

About the Faculty Practice Clinic

The Faculty Practice Clinic is a dedicated, full-service private dental practice located within the LSU School of Dentistry. Unlike student clinics at the University, I provide all care for my patients. When Specialist care is required or desired, I personally refer patients under my care to a specialist within the facility.

Patients choose to come here for the elevated standard of care, advanced diagnostic capabilities, and seamless integration of specialty services under one roof. Whether you need routine restorative care, complex full-mouth reconstruction, or cosmetic enhancements, I provide both a depth of clinical experience and a personalized touch to every case.

In this practice, university-level excellence meets the comfort of private practice.

With So Many Dentists to Choose From, Why Select This Practice?

Expertise You Can Trust

I perform every treatment, and when a specialist is required, it is still in this facility with specialists who are at the forefront of advancing techniques.

Comprehensive Care in One Location

My goal is to streamline treatment and eliminate the need for multiple offices.

State-of-the-Art Technology

From digital diagnostics to CAD/CAM restorations and 3D-guided implant surgery, in this clinic I utilize the most advanced tools in modern dentistry.

Patient-Centered Philosophy

I take the time to listen, understand your goals, and craft personalized treatment plans that fit your needs and lifestyle.

Elevated Safety & Standards

This clinic exceeds ADA and CDC guidelines, ensuring the highest level of infection control and patient comfort.

Our Best Services

Exams & Diagnostics

Thorough evaluations using digital radiographs, intraoral imaging, and CBCT scans. I am equipped to identify early concerns and create a clear, customized treatment roadmap.

Restorative Dentistry

Tooth-colored fillings, crowns, bridges, inlays, and onlays that are designed for beauty, strength, and longevity. We restore function while maintaining natural esthetics.

Cosmetic Dentistry

Porcelain veneers, bonding, professional whitening, and complete smile design. Subtle enhancements or full transformations — crafted with artistic precision.

Implant Dentistry

Single implants, implant bridges, overdentures, and full-arch solutions. I offer digitally guided surgery, immediate restorations, and comprehensive implant maintenance.

Prosthodontics

Complete and partial dentures, implant-supported prostheses, and complex full-mouth rehabilitations that are designed to restore function, confidence, and esthetic harmony.

Periodontics (Gum Health)

Deep cleanings, regenerative procedures, soft-tissue improvements, and peri-implant therapy to support long-lasting oral health.

Endodontics (Root Canal Therapy)

Precision care to relieve pain and preserve natural teeth, including retreatments and complex root anatomy procedures.

Oral Surgery

Extractions, bone grafting, pre-prosthetic surgery, and other minor surgical procedures are performed with safety and comfort as our priority.

Occlusion & TMJ Therapy

Evaluation of bite issues, customized night guards, and conservative therapies for jaw pain, muscle tension, and functional concerns.

Advanced Technology

My commitment has been to have technology elevate every step of your care:

CAD/CAM Same-Day Crowns

Custom-designed, milled, and bonded crowns in a single visit.

Digital Impressions

Clean, precise 3D scans are used for impressions for superior comfort and accuracy.

CBCT 3D Imaging

High-resolution images for diagnostics, implant planning, and complex case evaluation.

3D Printing & Digital Workflow

Guided implant surgery, precise models, and efficient treatment planning.

Digital Smile Design

Preview your new smile before treatment begins.

Advanced tools. Enhanced comfort. Better outcomes.

Biographical Information

Dr. Eugene Antenucci

Assistant Professor—Clinical, LSU Health Sciences Center School of Dentistry

Dr. Eugene Antenucci is a 1983 graduate of the NYU College of Dentistry and a former Captain and Dental Officer in the United States Air Force. For more than four decades, he has been a leader in dental innovation, clinical excellence, and professional education.

A former Associate Clinical Professor at both NYU College of Dentistry and Stony Brook University School of Dental Medicine, Dr. Antenucci now serves full-time on the faculty of LSU School of Dentistry. He is a Diplomate of the International Congress of Oral Implantologists and a Fellow of the Academy of General Dentistry, where he has held leadership roles at the state and national levels.

Dr. Antenucci spent more than 35 years in private practice in New York, where he built and operated one of the region's premier, nationally recognized dental practices. His practice was known for its comprehensive, patient-centered approach and for being an early adopter of advanced digital technologies that elevated both clinical outcomes and patient experience.

Dr. Eugene Antenucci

Internationally respected for pioneering the integration of CAD/CAM, CBCT imaging, digital impressions, and dental lasers into everyday practice, Dr. Antenucci has trained thousands of dentists worldwide through lectures, workshops, and hands-on training programs. His expertise spans advanced restorative dentistry, implant dentistry, digital dentistry, and practice management.

Beyond clinical excellence, he is an accomplished speaker on personal development and has more recently expanded his work into health, nutrition, wellness, and longevity. Motivated by decades of caring for his patients, Dr. Antenucci earned certification as a Health and Wellness Coach. He is the author of several Amazon best-selling books on health and wellness, with a three-book Longevity Series soon to be published internationally by Brick Tower Press.

Online Consultations Available:

If you prefer an online consultation, I offer them through the Dentulu platform. Though I cannot treat you online, I can guide you through treatments, prescriptions, and follow-ups wherever you are. You can find me on Dentulu for consultations by visiting my website at www.dreugeneantenucci.com, and clicking the button on the bottom right of the page to schedule a virtual consultation.

Your First Visit & Patient Experience

From the moment you walk in, our team is committed to making your experience seamless and comfortable.

During your first visit, you can expect:

- Warm, personal welcome
- Comprehensive exam and digital diagnostics
- Clear explanation of findings
- Thoughtful, individualized treatment options
- Transparent discussion of fees and insurance
- Time reserved for all your questions

I prioritize clarity, comfort, and collaboration. Your treatment plan is built around your goals, schedule, and long-term oral health.

Insurance, Payments, and Financial Options

I accept most major dental insurance plans and will help you understand your coverage. Flexible payment arrangements are available for more extensive treatment plans. We believe exceptional care should be accessible—and we will work with you to make it possible.
